The date colour matches the name colour diagonally. The passing on of the inherited trapped emotion happened at the conception of the child. e.g. If a child born in 1990 had an inherited trapped emotion which only went back one generation, the trapped emotion would have been experienced by the parent between 1965 (the approximate year of Dad's birth) and 1990 (the year of the client's birth).

Some notable historical events and dates:-

1348 - The Black Death England and Scotland
